

STUDENT NAME:

Sparkman High School Band Boosters Christmas Tree Sales ~ Fundraiser

From **October 11 to November 1**, Sparkman High School Band members are selling **North Carolina Fraser Fir Christmas trees**. The Christmas trees will be delivered on **Saturday, December 3** for pick up at the S9 band practice field, just in time for the Holiday Season!

For your convenience, the Band Boosters can deliver your Christmas tree directly to your home for a \$5 additional charge!

Freshness

Norton Creek Farms manages their cutting schedule, cutting trees within a week of the shipping date. The last two years, they have not cut a tree before November 12th. They work with retailers to split deliveries so that later sales are fresh. Some trees sold in box stores were cut as early as October 20th.

Quality

Norton Creek Farms' carefully maintains the Christmas trees to ensure the best possible density, color, needle set, and longevity. Their grade ensures consistent tree size from trunk to swirl. Norton Creek Farms is the #1 Premium Tree Farm in the Southeast!

John Doe	112 Normal Lane, Harvest, AL	(256) 123-4567	7 ft	1	\$5	\$70

About Norton Creek Farms

In the spring of 1976, Norton Creek Farms planted their first Fraser Fir Christmas tree on two acres near Cashiers, NC. Their plan was to grow perfect Christmas trees for friends and family. Now, forty years later, they have grown into a full tree farm, which changed their customer base, but not their commitment to growing and delivering premium trees.

If you are not in the market for a tree, donations are also accepted and very much appreciated!
