

Marching Band Makeup Assignment

To be eligible for making up assignments the student must:

1. Turned in an excuse to the directors within three days of the absence.
(As stated in the syllabus)
2. Register on the signup sheet located in the HS Band Room.

ALL Assignments

All playing assignments must use a metronome. Free metronomes are available by typing in "metronome" in google. You may use a metronome on your phone/device or you may stay after school and use the school metronome in the band room.

The assignment will be audio recorded and sent to the director that is located on the student's schedule. The audio recordings can be emailed or placed on a thumb drive. See the directors if you do not possess or understand how to record these assignments.

The score will be scaled according to the completion of the assignment. Any incomplete or indistinguishable recordings will not receive full credit.

Excused Rehearsal Makeup

Play 3 Stands Tunes of your choice at appropriate tempo with metronome.

Excused Game Makeup

Play the entire show music. Marching Band ONLY students will only be required to play the marching band show. Competition Band students must play both the marching band music and the competition band show.

The recording does NOT have to be consecutive in one file. One file per song will work best so you may reset the metronome. (Competition Band may wish to have one file per tempo change)
