

Welcome to the 2019-20 band season!

I just wanted send a quick note to introduce myself. My name is Amy Smith, and will again be photographing the Sparkman Band at most games, competitions and events. Shuttleman Photography may be taking group/formal photos as well. My goal is capture candid moments in the stands and wide angle shots on the field, including as many individual shots as possible.

These photos are very high resolution and can be downloaded for free or purchased in prints. Please read below for helpful information about our photo sharing site.

### Where can you find your band member's pictures?

<https://sparkmanband.smugmug.com/>

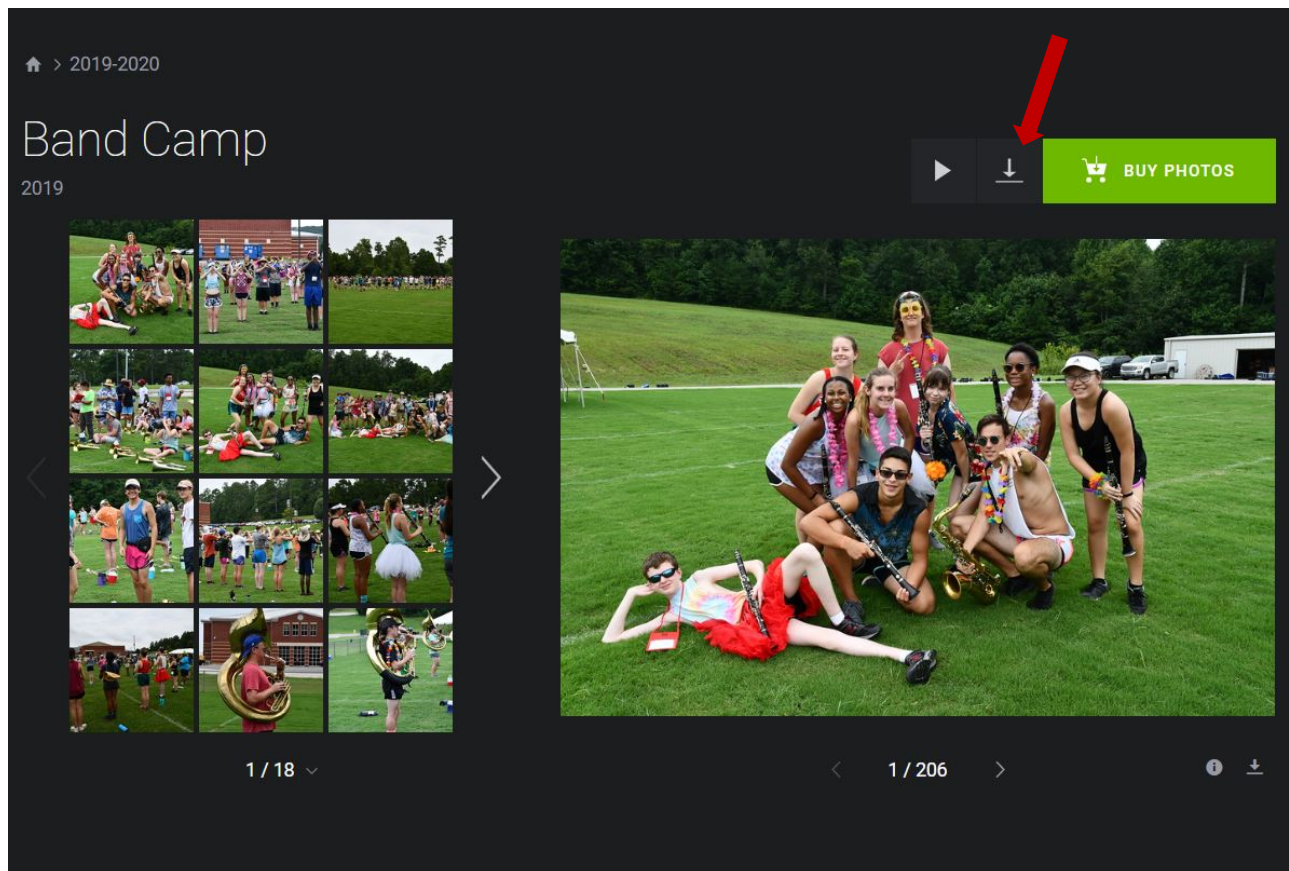

There is also a link to the SmugMug account on the band webpage.

### Is it password protected?

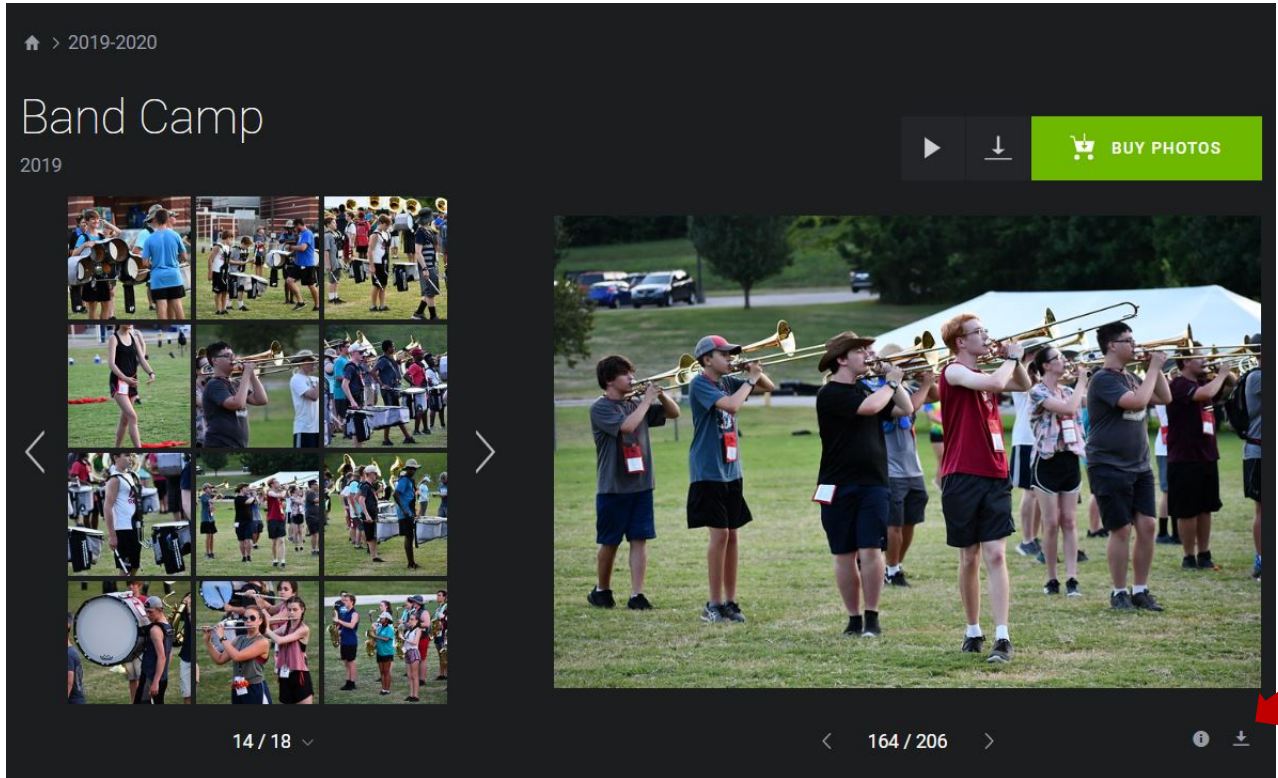

The site is password protected but it is easy. **Senator** is the password.

### How can I get the pictures?

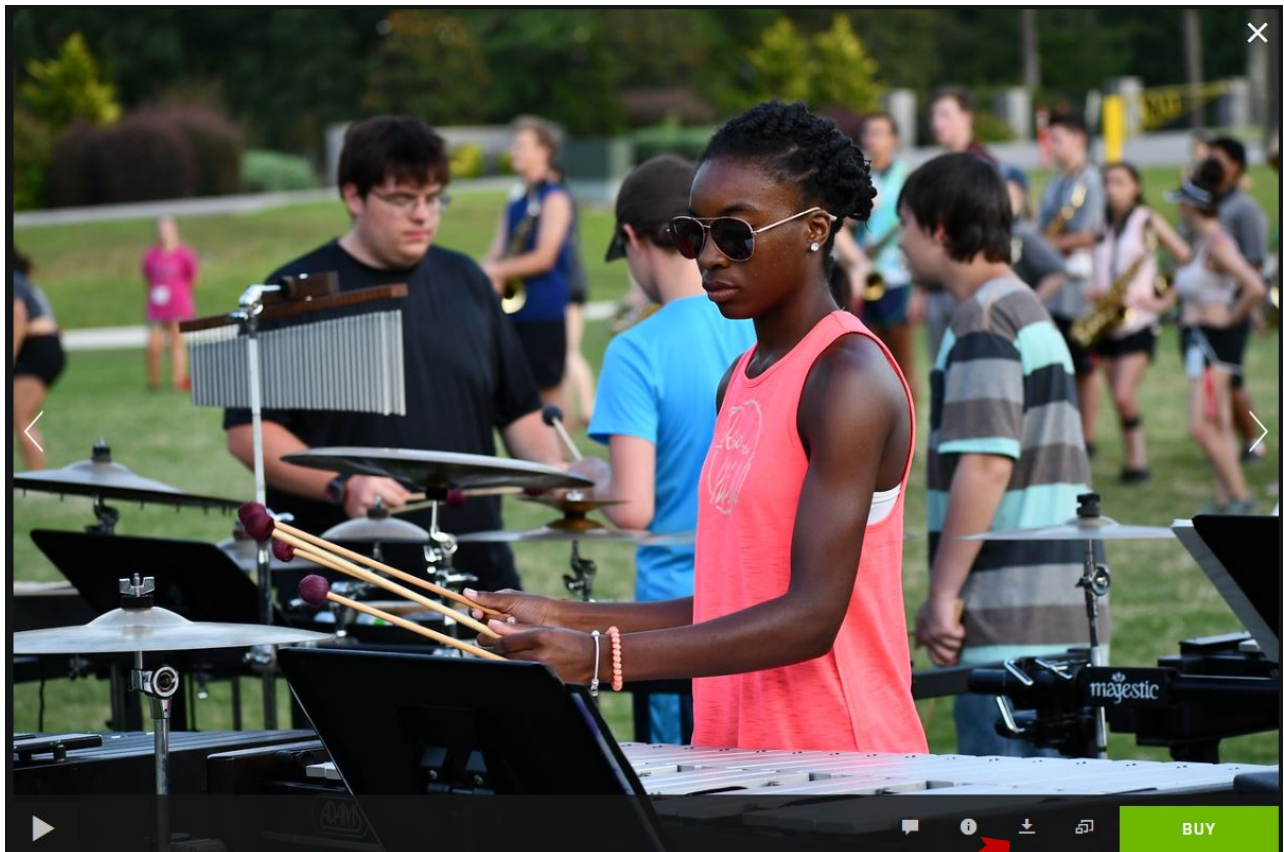

There are two ways for you to get the pictures. The easiest is to download the pictures. There are a number of ways to download. You can download a **whole album** by using the "down arrow" in the upper right corner of the page (next to the "Buy Photos" button). Warning: An album of pictures can be a VERY big download as all photos are super high resolution.

You can also download a single picture in the preview window if you click the “down arrow” in the bottom right hand corner.

If you navigate the pictures one by one as seen below, then you can download that picture using the “down arrow” in the bottom right hand corner. (See image below, the button is really small).

For highest quality photos, please use the download tool! If you download using “right click” or “save as” dialog (typical on Windows machines), SnipIt tool, or press and hold options on your cell phone, they are only high enough resolution to share on Facebook, etc. and not good for printing.

Lastly, you can buy prints of all sizes along with canvas art and keepsakes (mouse pads, playing cards, buttons, etc). Using the BUY button is pretty straight forward. You can edit/crop once items are placed in the cart. Profits go to Sparkman Band.

**Who do I contact if I have picture questions?**

Just email me at [amy@amysmith.ws](mailto:amy@amysmith.ws)

**Do you have pictures to share?**

Great, let me know and I can arrange to have them uploaded to the SmugMug account!

**How do I know when new pictures get posted?**

It usually takes me a couple of days to edit photos before creating an album after an event. Pictures are always organized by the year and event. So this year’s photos are in the 2019-2020 folder. Then after that there will be an album for each event.

**Do you take special requests?**

I will try! It’s tough to wade through the compact bleachers to get individual shots, but I’m especially mindful of seniors! I will have a longer lens for marching performances this year, but with nearly 300 kids, single shots are limited. Let me know if you have something in mind!
